

ISMAEEL NOFISAT

EXPERIENCE

Present

Freelancer Web and Software Engineer.

2023 -2025

Student • APTECH COMPUTER EDUCATION.

ABOUT ME:

I am a passionate software engineer, My expertise lies in a variety of programming languages and technologies, including: Java, JavaScript, Dart, C#.I thrive on solving complex problems and enjoy working in collaborative environments. I am always eager to learn new technologies and continuously improve my skill set. I actively participate in coding challenges, attend tech meetups, and contribute to open-source projects to stay updated with industry trends. Outside of coding, I enjoy reading and swimming, which help fuel my creativity and problem-solving skills.
